

For Immediate Release

Digital Watchdog® Expands V-Class™ Series with Black Housing Turret Camera

The new model adds a popular aesthetic option to the V-Class line.

DWC-VSTB04BiB DW MEGApix V-Class IP Camera.

Cerritos, CA (July 22, 2024) – [Digital Watchdog® \(DW\)](#), the industry leader in digital recorders, surveillance cameras, perimeter protection devices, system peripherals and related management software, announces the launch of our new 4MP black V-Class turret IP camera. The new camera is an expansion of the existing V-Class Series of high-quality MEGApix IP cameras, ideal for small to medium-sized businesses looking to enhance their existing video solution with future-proof features at an affordable price.

This MEGApix V-Class IP camera is NDAA compliant and delivers crystal-clear images at 4MP resolution and real-time 30fps. The IP67-rated turret camera features a 2.8mm fixed lens and a 360° camera gimbal for absolute view adjustment. Built-in video analytics is included at no extra cost and includes line crossing, perimeter intrusion and video tampering detection. All MEGApix cameras are ONVIF conformant, assuring their successful integration with any open platform solution on the market.

"For so many of our customers to request a black version of this popular MEGApix camera is proof of its value and reputation in the security marketplace," said Mark Espenschied, Director of Marketing, DW. "The models in the V-Class Series of MEGApix cameras have quickly become go-to options for security professionals and their customers."

Camera's features:

- 4MP 1/3" image sensor at real-time 30fps
- 2.8mm fixed lens
- True Wide Dynamic Range (WDR) for clear images in challenging light
- Simultaneous streaming and multiple codec options for smart bandwidth management
- 100' Smart IR™ with intelligent camera sync for clear B/W images with no need for external light
- Line crossing video analytics
- Perimeter intrusion video analytics
- Video tampering with scene-change detection video analytics
- Video tampering with video-blur detection video analytics
- Video tampering with abnormal color detection video analytics
- White and black housing options available
- Smart DNR™ 3D digital noise reduction reduces noise and ghosting for motion in low-light environments.
- Privacy zones cover sensitive areas in the camera's field of view.
- Backlight compensation (BLC)
- Two-way audio with a built-in microphone for direct communication between the monitoring station and the camera's location
- Local SD card slot for local recording in case of network loss
- Web server built-in for easy camera management from any browser
- PoE and DC12V for single cable simplified installation
- NDAA compliant for federal and government projects
- IP67- and IK10-rated camera housing built to last
- 5 year warranty
