DW Witness™

The DW® Witness™ app converts the camera on a smartphone or tablet into a portable high-quality surveillance camera. Your phone's and tablet's camera* can then be viewed and recorded on DW®'s VMAX® IP Plus™ NVR or any DW Spectrum® IPVMS system. Simply download the app and enter your recorder's network information. Then, with a simple press of a record button, the live video from your phone is streamed directly to your recorder! To download the app, search 'DW®' or 'DW Witness' in the Google Play Market or Apple App Store or click either of the links below: Models Supported: DW Spectrum® IPVMS servers. Blackjack® servers. VMAX® IP Plus™ NVRs.* DW®'s Remote Surveillance App supports smart phones and tablets running the following operating system or higher: Compatible with Android devices running Android Kitkat (v4.4) or higher. Compatible with iPhone, iPad, and iPod touch running iOS 8.0 or higher.
